

MASSACHUSETTS  
GENERAL HOSPITAL

SOCIAL SERVICE

## Outpatient Mental Health Services (Main Campus)

Mass General social workers are licensed mental health clinicians who provide short-term individual, couple, family and group therapy.

We can help you with:

- Coping with illness, injury, treatment and recovery
- Mental health or substance use concerns
- Grief and bereavement
- Relationships, parenting or family concerns
- Abuse, neglect, violence and other safety issues
- Job, school or other life stresses

**If you get your primary medical care at Mass General and meet certain other criteria, you may qualify.**

Contact your insurance to determine coverage; no referral required.

**To learn more call 617-726-2643 and leave a message for Intake.**

### Mass General Health Centers

These Mass General Health Centers provide outpatient mental health services for their primary care patients. Call your health center to get mental health services.
