

I understand that the Lodge is available to qualified guests as follows:

- Guests must meet all program criteria throughout their stay at the Lodge. In addition, there is a nine-month maximum total length-of-stay within a 365 day period, beginning on the first day of my first stay at the Lodge. This applies to continuous and intermittent stays.
- I agree to seek alternative housing at the end of my nine month stay even if I am still in treatment for my cancer. I understand that I will need to vacate the Lodge at that time.
- Should I reach the nine month maximum and do vacate the Lodge, I am eligible to re-apply for the program 365 days after the first day of my first stay, assuming all other program criteria are met.
- I agree to meet with Lodge staff as requested to review my ongoing status with regards to this policy, generally at the three-, six- and eight-month marks.
